Young People Watched The Old Year Out At Home of Mr. and Mrs.

Bert Dow. (Mrs. W. E. Kendall, Correspondent.) Through the kindness of Mr. and Mrs. Bert Wilson and Mrs. Charlotte Dow the young people of the village enjoyed a very pleasant evening at Mrs. Dow's Friday, Dec. 31. The evening was spent in playing games and doing stunts. The last half hour of the old year was spent singing. Sugar on snow was served during the evening, the guests remained until Jan.

The mid-week service will be held in the Town hall Wednesday evening. Christian Endeavor choir.

Russell Lowrey, who works in St. Johnsbury, was at his father, George Lowrey's, Sunday.

Morton Reed has sold back his day, share in the store to L. E. Gilfillan and has returned to St. Johnsbury. Mrs. Leslie Baker and daughter,

Dorothy, from Woodsville spent Monday with Mr. and Mrs. L. E. Gilfillan. Mrs. Jane Martin has closed her house and has gone to Lyndonville to spend the winter with her daughter, Mrs. Arthur Emery.

Mr. and Mrs. L. E. Gilfillan entertained Mr. and Mrs. Horace Gilfillan, Miss Mae Gilfillan and Miss Myrtle Keazer at dinner Friday night. Misses Elsie and Candace Garvin

Candace and Elsie Garvin from Dan-There will be special music by the from Danville spent part of last week ville and Mr. and Mrs. L. E. Gilfillan. with their aunt, Mrs. Horace Gilfillan. About 17 from here attended the 50th wedding anniversary of Mr. and Mrs. Charles Emery at the Grange hall in Monroe Saturday evening,

To Progressive Farmers:

no potash in this country available for agricultural

purposes. This scarcity makes those commercial

fertilizers which depend on potash far too expensive

Extensive experiments have been carried on by the Lowell Fertilizer Co. in conjunction with farm experts. The results have proven that larger amounts of organic ammonia and phosphoric acid than are ordinarily used will practically act in the place of polash!

We have made fertilizers from nature's own prescription— animal matter, consisting of Bone, Blood and Meat. These fertilizers have been tested, and in every instance they have proven that good crops can be grown without the added expense of potash.

Read this letter from a progressive farmer who has tried the nimal Fertilizer on his farm:

"In regard to fertilizers without potash, I used the three kinds you sent me, with good results. They were compared with a few tons of last year's goods containing 8 per cent. potash. These I planted in plots throughout the field, a ton or so in the plot, and when I dug my potatoes, I could see very little difference in the yield. I shall probably use 30 or 40 tons of your fertilizer next year, and if I cannot get potash at a fair price, will use without potash.

E. J. PARKER, Patter, Maire."

You can make your crops good without paying abnormal prices potash. See your nearest Lowell dealer or address

A. B. NOYES.

A B NOVES, HERBERT P. BALCH,

You've hit the right tobacco

when you fire-up some Prince Albert in your old jimmy pipe or in a makin's cigarette. And you know it! Can't get in wrong with P. A. for it is made right; made to spread-smoke-sunshine among men who have suffered with scorched tongues and parched throats! The patented process fixes that-and cuts out bite and parch. All day long you'll sing how glad you are you're pals with

the national joy smoke

You take this testimony straight from the shoulder, men. You can smoke a barrel of P. A. without a kick! It hands out all the tobacco happiness any man ever dreamed about, it's so smooth and friendly. It's a mighty cheerful thing to be on talking-terms with your pipe and your tongue at the same time-but that's what's coming to you sure as you pin your faith to Prince Albert!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.
